Mr. Cummins:

I would ask that you call or e-mail with a status update on the expired White Mtn. kaolin property notice, BLM file UTU-68596, Utah DOGM file S/001/0052.

Without re-authorization of the site (under either the 3600 regulations as a material sales contract site, or the 3809 regulations, if the material was determined to be locatable under the mining law), BLM would require that site reclamation be carried out for the site disturbances this fall.
